

Lick Creek CCSD #16
STI InformationNOW
Home Portal Password Request

One feature of Lick Creek School's student data management system allows parents access to their student's grades and other information as soon as it has been entered, instead of waiting for progress reports or report cards. If your child (children) attended Lick Creek last year, you should find a password sheet in one of your registration packets. **If you do not find one, or need one for another parent, please fill out this form and return to the office.**

Also, please feel free to pick up a Home Portal Quick Guide (Orange brochure) if needed.

A Reminder about Pre-K & Kindergarten Students:

Pre-K & Kindergarten have separate assessment reports and do not enter grades into this system. Therefore, for these students, what you see will be very limited (e.g.: attendance, calendar, announcements).

Parent Name: _____

Student (s) requesting access for: _____

Please Select One:

- Send Information home with student _____
- Email me the information _____
- Send information via postal mail _____
- Other (please indicate) _____
